## TERMS AND CONDITIONS

All information for the requested rebate as well as the customer signature must be completed. Only complete applications will be processed. A copy of the invoice/contract must be provided with the completed application and must contain customer name, installation address, and installation date, as well as ECM cost, make, and model. Customers must apply for rebates within three months of the purchase date shown on the invoice/contract. The rebated equipment must be installed where electric service is provided by the Utility on a retail basis. Equipment replaced under warranty or provided through a repair/replacement service agreement is not eligible for a rebate. The Utility reserves the right to conduct random inspections to verify installation of the rebated equipment at the installation address indicated on the first page of this form. This program is offered January 1 through December 31 of the respective calendar year. Due to limited funding, this rebate offer can be withdrawn at any time without notice, and is available on a first-come, first-served basis. After satisfactory review of the rebate form and other required documentation, a rebate check or bill credit will be issued to the customer. Please allow 60 days from the receipt of this form for the delivery of the rebate or bill credit. The Utility does not guarantee that the implementation of energy-efficiency measures or use of the equipment purchased and installed pursuant to this program will result in energy or cost savings. The Utility does not endorse any particular vendor, manufacturer, or product, and makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warranty of merchantability or fitness for purpose. In no event shall the Utility be liable for any incidental or consequential damages.

**Total Rebate \$** \_\_\_\_\_

<sup>1</sup> Circulator pump motor must be no greater than 750 Watts (1 Horsepower) in size.

Motor Wattage = Rated Horsepower x 746

Example: 3/4 HP Motor = 3 / 4 x 746 = 560 Watts

## Qualifying Equipment and Rebate Schedule

Size	Rebate per Unit (limited to 50% of cost)
< 100 Watts	\$50
100 - 499 Watts	\$200
500 - 750 Watts	\$600
