

HVAC APPRENTICE

FULL-TIME (4 DAYS A WEEK)

Job Title: HVAC Apprentice

Education Requirement: High School Diploma

Job Description:

We are seeking a dedicated HVAC Apprentice to join our team and deliver exceptional customer experiences in residential and commercial HVAC repair and installation. As an HVAC apprentice, you will work alongside seasoned professionals, learning the ins and outs of the trade while upholding our commitment to honesty and integrity.

Responsibilities:

- Perform HVAC repairs, maintenance, and installations at customer locations.
- Diagnose and repair electronic, mechanical, and electrical components of HVAC systems.
- Assist customers in selecting the best financing options and maintenance plans.
- Meet deadlines in sometimes high-pressure situations.
- Communicate job responsibilities to the office and homeowners.
- Utilize onsite tablets and various e-communication methods proficiently.
- Maintain a valid driver's license and insurability.

Requirements:

- High School Diploma or equivalent.
- Ability to communicate effectively with homeowners and colleagues.
- Proficiency in using onsite tablets and electronic communication methods.
- Valid driver's license and insurability.

Benefits (After Probation Period):

- Competitive compensation package for qualified candidates.
- Yearly performance reviews.
- Paid holidays and earned PTO.
- Clothing and tool allowance.
